Independent Auditors' Report

To the Shareholders and Board of Directors of InRetail Real Estate Corp. and Subsidiaries

Opinion

We have audited the consolidated financial statements of InRetail Real Estate Corp. and Subsidiaries (the Group), which comprise the consolidated statement of financial position as of December 31, 2023, and the consolidated statements of income, comprehensive income, changes in equity and cash flows for the year then ended, as well as the notes to the consolidated financial statements, which include a summary of material accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as of December 31, 2023, as well as its financial performance and consolidated statement of cash flow for the year then ended, in accordance with the International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board.

Basis for opinion

We perform our audit in accordance with the International Standard for Auditing (ISA) approved for application in Peru by the Board of Peruvian Associations of Certified Public Accountants. Our responsibilities under these standards are described in more detail in the *Auditor's Responsibilities for the audit of the consolidated financial Statements* section of our report. We are independent of the Group in accordance with the International Accounting Standards Board Code of Ethics for Accountants (IESBA Code) along with ethical requirements that are relevant to our audit of the consolidated financial statements in Peru, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained provides a sufficient and adequate basis for our opinion.

Independent Auditors' Report *(continued)*

Responsibilities of management for the consolidated financial statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with IFRSs, and for the internal control that Management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, Management is responsible for assessing the Group's ability to continue as a going concern, disclosing as appropriate the matters relating to the going concern and using the going concern basis of accounting, unless Management intends to liquidate the Group or cease operations, or have no other realistic alternative to doing so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

Auditor's responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance as to whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue a report that includes our opinion. Reasonable assurance is a high level of assurance but it does not guarantee that an audit carried out in accordance with ISAs approved for application in Peru will always detect a material misstatement when it exists. Inaccuracies may arise due to fraud or error and are considered material if, individually or cumulatively, they could reasonably be expected to influence the economic decisions of users taken based on the consolidated financial statements.

As part of an audit in accordance with the International Standards on Auditing (ISAs) approved for application in Peru by the Board of Peruvian Associations of Certified Public Accountants, we exercise professional judgment and maintain professional skepticism throughout the Audit. Also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.

Translation of independent auditors' report and financial statements originally issued in Spanish - Note 34

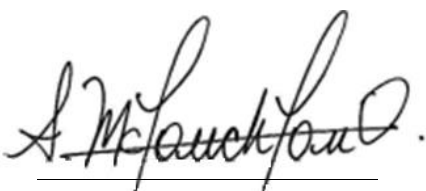

Independent Auditors' Report (continued)

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate to the responsible of the Group's corporate governance, among other matters, the planned scope and timing of the audit, the significant findings of the audit, as well as any significant internal control deficiencies identified in the course of the audit.

Lima, Perú,

InRetail Real Estate Corp. and Subsidiaries

Notes to the consolidated financial statements

As of December 31, 2023 and 2022

1. Business activity -

(a) Identification -

InRetail Real Estate Corp. (hereinafter "the Company"), a holding entity incorporated in April 2012 in the Republic of Panama, and is a subsidiary of InRetail Perú Corp. The latter is a subsidiary of Intercorp Retail Inc., which in turn is a subsidiary of Intercorp Perú Ltd. (a holding company incorporated in The Bahamas, hereinafter "Intercorp Perú"), which is the ultimate holding Company and holds 100 percent of Intercorp Retail Inc.'s shares.

As of December 31, 2023, and 2022, Intercorp Perú Ltd. holds directly and indirectly 67.57 percent, of the capital stock of InRetail Perú Corp., which in turn holds 100 percent of the capital stock of the Company.

The Company's legal address is 50 Street and 74 Street, floor 16 "PH" Building, San Francisco, Republic of Panama. However, its Management and administrative offices are located at Av. Punta del Este 2403, Jesus Maria, Lima, Peru.

The Group, Patrimonio en Fideicomiso - D.S. N°093-2002-EF- InRetail Shopping Malls, Patrimonio en Fideicomiso - D.S.N°093-2002 - EF - Interproperties Holding, Patrimonio en Fideicomiso - D.S. N°093-2002-EF-Interproperties Holding II and subsidiary and Real Plaza S.R.L. (hereinafter and together, "InRetail Real Estate"), are dedicated to operating shopping malls as well as real estate development. InRetail Real Estate operations are concentrated in Peru. Note 2 presents in greater detail the structure and activities of the Group.

The consolidated financial statements for the year ended December 31, 2023, and 2022 have been approved by the General Shareholders Meeting on February 28, 2024 and March 17, 2023, respectively.

2. Subsidiaries activities

InRetail Real Estate Corp. is the controlling entity of Patrimonio en Fideicomiso-D.Leg-N°861, no inscrito en la SMV, dirigido a inversionistas institucionales - InRetail Shopping Malls and Subsidiaries hereinafter "InRetail Shopping Malls", which is a Special Purpose Entity (SPE) constituted for the purpose to hold the certificates of participation of Patrimonio en Fideicomiso D.S N° 093-2002-EF - Interproperties Holding, Patrimonio en Fideicomiso D.Leg-N°861, no inscrito en la SMV, dirigido a inversionistas institucionales - Interproperties Holding II and Subsidiary and the shares representing the capital stock of Real Plaza SRL and Subsidiary jointly referred to as "the InRetail Real Estate Group".

Interproperties Holding and Interproperties Holding II are Special Purpose Entities that hold certificates of participation of Patrimonio en Fideicomiso-D.Leg-N°861, no inscrito en la SMV, dirigido a inversionistas institucionales - Interproperties Perú.

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

El Patrimonio en Fideicomiso-D.Leg-Nº861, no inscrito en la SMV, dirigido a inversionistas institucionales - Interproperties Perú (hereinafter "Patrimonio Fideicometido - Interproperties Perú") is a structured entity of special purpose entity established in April 2008, to which different investors —related to the Intercorp Group— contributed with investment properties; each investor or group of investors have the ownership and the specific control of the property they contributed. As of December 31, 2023 and 2022, the fair value of the properties contributed by Interproperties Holding and Interproperties Holding II, which were included in said structured entity, amounted to S/4,414,996,000 and S/4,176,684,000, respectively. For accounting purposes and according to IFRS 10 "Consolidated Financial Statements", the assets included in said structured entity are considered "silos", given that they are delimited parts of a broader structured entity (the Trust Property "Interproperties Perú"). InRetail Real Estate Group has ownership and decision power over these properties and has the exposure or rights over its returns; therefore, it has consolidated the silos that contain the investment properties it controls.

The InRetail Real Estate Group is dedicated to the business of investment properties under the format of shopping malls so as to generate income mainly through renting. The shopping malls operate under the name "Real Plaza" and are located in the cities of Chiclayo, Pucallpa, Piura, Chimbote, Trujillo, Huancayo, Arequipa, Juliaca, Huánuco, Cusco, Cajamarca and Lima. The detail of the Shopping Malls and other investment properties held by the InRetail Real Estate Group is presented in note 12 of the consolidated financial statements.

Additionally, Interproperties Holding II owns 100 percent of participation in the net assets of Inmobiliaria Puerta del Sol S.A., owner of the Real Plaza Cusco Shopping Mall.

Real Plaza S.R.L. and its subsidiaries are companies dedicated to the management and administration of shopping malls, as well as the maintenance and development of relations with other tenants. Likewise, as of December 31, 2023 and 2022, Real Plaza S.R.L. holds a participation of 100 percent, of the entity Inversiones Real Estate S.A.C.

Notes to the consolidated financial statements (continue)

3. Summary of significant accounting policies

The significant accounting policies used in the preparation and presentation of InRetail Real Estate's consolidated financial statements are described below:

3.1 Basis of preparation and presentation

The consolidated financial statements of InRetail Real Estate Corp. have been prepared in accordance with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB), effective as of December 31, 2023 and 2022, respectively.

The consolidated financial statements have been prepared on a historical cost basis, except for financial instruments at fair value through profit or loss and comprehensive income, financial instruments at fair value through other comprehensive income, investment properties and derivative financial instruments, that have been measured at fair value. The consolidated financial statements are presented in Soles and all values are rounded to the nearest thousand (S/(000)), except when otherwise indicated.

The information contained in these consolidated financial statements is the responsibility of the InRetail Real Estate Group Management, who explicitly manifest that principles and criteria included on IFRS, as issued by the IASB are fully applied as of the date of consolidated financial statements.

3.2 Changes in accounting policies and disclosures

The Group applied for the first time certain standards and amendments became effective since January 1, 2023. The Group has not early adopted any other standard, interpretation or amendment that has been issued but is not yet effective.

The following modifications were in effect as of January 1, 2023:

- Amendments to IAS 8 - Definition of accounting estimates
- Amendments to IAS 1 and the practice statement of IFRS 2 - Policy disclosure
- Amendments to IAS 12 - Deferred tax related to assets and liabilities that arising from a single transaction.

These modifications had no impact on the Group's consolidated financial statements.

3.3 Summary of material accounting policies -

(a) Basis of consolidation -

The consolidated financial statements comprise the financial statements of the Group, see note 2.

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

The Group controls an investee if, and only if, the Group has:

- Power over the investee (i.e., existing rights that give it the current ability to direct the relevant activities of the investee).
- Exposure, or rights, to variable returns from its involvement with the investee.
- The ability to use its power over the investee to affect its returns.

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee,
- Rights arising from other contractual arrangements,
- The Group's voting rights and potential voting rights.

InRetail Real Estate assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the Subsidiary.

The financial statements of the Subsidiaries are prepared for the same period as the Company's, using uniform accounting policies. All intra-group balances, transactions, gains and losses resulting from intra-group transactions consolidated entities, as well as dividend income, have been eliminated.

The non-controlling interests have been determined in proportion to the participation of minority shareholders in the equity and the results of the Subsidiaries in which they hold participation, and they are presented separately in the consolidated statements of financial position, the consolidated income statements and the consolidated statements of other comprehensive income.

Losses in a subsidiary are attributed to the non-controlling interests even if that results in a deficit balance. A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction.

- (b) Financial instruments-Initial recognition and subsequent measurement -
As of the date of consolidated financial statements, InRetail Real Estate classifies its financial instruments in the following categories defined on IFRS 9 (version 2018): (i) assets at amortized cost, at fair value through other comprehensive income or through profit or loss, (ii) financial liabilities at amortized cost or at fair value through profit or loss.

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

The main criteria of IFRS 9 are described below:

(i) Financial assets -

Recognition and initial measurement

Financial assets are classified, at the time of initial recognition and for subsequent valuation, as measured at amortized cost, at fair value through other comprehensive income and at fair value through profit or loss. The financial assets of the Group include cash and cash equivalents, financial instruments at fair value through profit or loss and at fair value through other comprehensive income, trade accounts receivable, other accounts receivable and accounts receivable from related parties.

Subsequent measurement

The Group classify their financial assets into the following four categories:

- Financial assets at amortized cost (debt instruments).
- Financial assets at fair value through OCI with recycle of cumulative gains and losses to the results of the year when they are written off (debt instruments).
- Financial assets at fair value through OCI, without recycle of cumulative gains and losses to the results of the year when they are written off (equity instruments).
- Financial assets at fair value through profit or loss.

The classification depends on the business model of the Group and on the characteristics of the cash flows of the instruments.

Financial assets are not reclassified after initial recognition, except if the Group changes its business model for their management.

As of December 31, 2023 and 2022, the InRetail Real Estate Group has classified its financial assets in the following categories:

Financial assets at amortized cost (debt instruments)

The Group measure financial assets at amortized cost if the following conditions are met:

- The business model that the Group have for the management of financial assets in this category is to collect the contractual cash flows and not to sell or negotiate them; and

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

- The contractual terms of the financial asset give rise, on specified dates, to cash flows that are only payments of principal and interest on the outstanding principal amount.

Financial assets at amortized cost are subsequently measured using the effective interest method and are subject to impairment. These assets generate income from interest accrued prior to maturity or disposal. Profits and losses are recognized in results when the asset is written off, modified or impaired.

This category includes cash and cash equivalents, trade accounts receivable, other accounts receivable and accounts receivable from related parties.

Financial assets at fair value through other comprehensive income:

Debt Instruments:

The Group measure debt instruments at fair value with changes in other comprehensive income if both of the following conditions are met:

- The financial asset is held within a business model with the objective of both holding to collect contractual cash flows and selling; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

As of December 31, 2023 and 2022, the Group has not designated financial assets at fair value with changes in other comprehensive income.

Equity instruments - shares

Equity instruments (shares) held for trading are recorded at fair value through profit or loss.

For other equity instruments, the Group, at the time of initial recognition, must elect to irrevocably classify each equity instrument (shares) at fair value through other comprehensive income or at fair value through profit or loss. The classification is determined on an instrument by instrument basis.

The gains or losses of the shares classified in other comprehensive income are never recycled to profit or loss of the year. Dividends are recognized as other income in the consolidated statement of income when the right to payment has been established, except when the Group benefit from said income as a recovery of part of the cost of the financial asset, in which case, said earnings are recorded in other comprehensive income. These instruments are not subject to impairment evaluation.

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

The Group have chosen to classify all their investments in shares in this category.

Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss include: financial assets held for trading, financial assets designated at the time of initial recognition at fair value through profit or loss, or financial assets that must be measured at fair value.

Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the short term, or if they correspond to derivatives that are not designated as effective hedging instruments, or financial assets with cash flows that are not solely payments of principal and interest, regardless of the business model.

Financial assets at fair value through profit or loss are carried in the consolidated statement of financial position at fair value, with net changes in fair value recognized as financial expenses (net negative changes in fair value) or financial income (net positive changes in fair value) in the consolidated statement of income.

The Group hold in this category mutual funds that are presented in the caption "Financial instruments at fair value through profit or loss" in the consolidated statement of financial position. The changes in fair value are recorded in the consolidated income statement in the caption "Financial income" or "Finance Expenses" as appropriate.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized when:

- (i) The rights to receive cash flows from the asset have expired; or
- (ii) Contractual rights have been transferred on the cash flows generated by the asset, or an obligation has been assumed to pay all of these cash flows to a third party without a significant delay, through a transfer agreement ("Pass-through arrangement"), and (a) substantially all the risks and benefits of the asset have been transferred; or (b) substantially all the risks and benefits of the asset have not been transferred or retained, but control over it has been transferred.

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

The Group will continue to recognize the asset when it has transferred its rights to receive the cash flows from an asset, or has entered into a pass through arrangement, but has not transferred or retained substantially all the risks and benefits of the asset, nor has it transferred the control over it. In this case, the Group will recognize the asset transferred based on its continuous involvement and will also recognize the related liability. The transferred asset and the related liability will be measured on a basis that reflects the rights and obligations retained by the Group.

Impairment of financial assets

The Group recognize an allowance for expected credit losses (ECL) for all debt instruments not held at fair value through profit or loss. The PCE is determined as the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expect to receive, discounted at a rate that approximates the original effective interest rate. The expected cash flows will include cash flows arising from the sale of guarantees held or other guarantees received.

For trade receivables and other accounts receivable, the Group applied the simplified approach in calculating the ECL. Therefore, the Group do not track changes in credit risk, but instead, they recognize a loss allowance based on the ECL for the entire life of each instrument at each reporting date. The Group have established a provision matrix based on the historical credit loss experience, adjusted for factors that consider the expected future variations with the debtors and the economic environment.

(ii) Financial Liabilities -

Recognition and initial measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans, accounts payable, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognized initially at fair value and, in the case of loans and payables, net of directly attributable transaction costs.

Financial liabilities include trade accounts payable, other accounts payable, accounts payable to related entities, interest-bearing loans and borrowings, lease liabilities and senior notes issued.

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Loans and borrowings

After the initial recognition, the debts and loans that accrue interest are subsequently measured at amortized cost, using the effective interest rate (EIR) method. Profits and losses are recognized in the consolidated income statement when the liabilities are written off, as well as through the interest accrual process applying the effective interest rate (EIR) method.

The amortized cost is calculated taking into account any discount or premium on the acquisition and the commissions or costs that are an integral part of the effective interest rate. The amortization of the effective interest rate is recognized as a financial cost included in the caption "Finance expenses" in the consolidated statement of income.

In this category are trade payables, other payables, accounts payable to related parties, interest-bearing debts and loans, lease liabilities and senior notes issued.

Financial liabilities at fair value through profit or loss -

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities are classified as held for trading if they are contracted for the purpose of trading them in the near future; gains or losses related to these liabilities are recognized in results. This category also includes derivative financial instruments entered into by the InRetail Real Estate Group that are not designated as hedging instruments in hedge relationships as defined by IFRS 9.

As of December 31, 2023 and 2022, the Group have not designated any financial liability at fair value through profit or loss.

Derecognition

A financial liability is written off when the obligation has been paid, cancelled or expired. When an existing financial liability is replaced by another from the same lender under substantially different conditions, or when the conditions of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and recognition of a new liability. The difference in the respective carrying amounts is recognized in the consolidated statement of income.

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

(iii) Compensation of financial assets and liabilities -

Financial assets and financial liabilities are subject to compensation so that the net amount is reported in the consolidated statement of financial position, if there is a current legal right to offset the amounts recognized, and there is an intention to settle them for the net amount, or to realize assets and cancel liabilities simultaneously.

As of December 31, 2023 and 2022, the Group does not present any financial assets or liabilities for gross amounts subject to offsetting of financial instruments.

(c) Derivative financial instruments and hedging accounting -

Negotiation -

Derivatives are initially recognized at fair value on the date of subscription of the derivative contract and are subsequently measured again at their fair value. Los valores razonables son obtenidos en base a los precios, tipos de cambio y las tasas de interés del mercado. The fair value is obtained based on the prices, exchange rates, and market interest rates. All the derivatives are considered as assets when the fair value is positive and as liabilities when the fair value is negative. The gains and losses arisen by the changes in the fair value are recognized in the consolidated income statements.

As of December 31, 2023 and 2022, the Group does not maintain derivatives financial instruments classified as negotiation.

De cobertura -

Derivatives are initially recognized at the fair value on the date a derivative contract is entered into and are subsequently remeasured at their fair value. All derivatives are recognized as assets when the fair value is positive and as liabilities when they are negative.

Derivatives can be designated as hedging instruments under accounting for hedging transactions if they qualify as such. Depending on the nature of the hedged item, the method for recognizing gains or losses from changes in fair value will be different. These derivatives, which are used to hedge risk exposures or modify the characteristics of financial assets and liabilities and which meet the criteria of IFRS 9, are recognized as hedging transactions.

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

In accordance with IFRS 9, to qualify as hedging transactions, all of the following conditions must be met:

- (i) The hedge relationship consists only of hedging instruments and eligible hedged items.
- (ii) At the beginning of the hedge relationship and the objective and risk management strategy of the entity to undertake the hedge. This documentation will include the identification of the hedging instrument, the hedged item, the nature of the risk that is being hedged, and how the entity will evaluate whether the hedging relationship meets the hedge effectiveness requirements.
- (iii) The hedge relationship meets all the hedge effectiveness requirements if:
 - There is an economic relationship between the hedged item and the hedging instrument.
 - The effect of credit risk does not predominate over the changes in value that come from that economic relationship.
 - The coverage ratio of the hedging relationship is the same as that from the amount of the hedged item that the entity actually covers and the amount of the hedging instrument that the entity actually uses to cover that amount of the hedged item.

IFRS 9 presents three categories to account for hedging transactions: fair value hedge, cash flow hedge and net investment hedge for foreign operations. The Group uses derivatives as cash flow hedging instruments.

For designated derivatives that qualify as a cash flow hedge, the effective portion of the gains or losses on the derivative is recognized in the other comprehensive income by cash flow hedges, and is reclassified to income in the same period or periods in which the hedge transaction affects the results. The part of the gain or loss in derivatives that represents the ineffective portion or the components of the hedge excluded from the effectiveness evaluation is recognized immediately in the results of the period. The amounts originally recorded in other comprehensive income and subsequently reclassified to results are recorded in the corresponding expense or income lines in which the hedged item is reported.

When a hedging instrument expires or is sold, or when a hedge no longer meets the hedge accounting criteria and also when the Group redesigns a hedge, any accumulated loss or gain in other comprehensive income is retained and recognized as income or expense when the hedged item is ultimately recognized in the consolidated statement of income. When a projected transaction is no longer expected to occur, the cumulative gain or loss recognized in other comprehensive income is immediately transferred to the consolidated statement of income.

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

(d) Fair value -

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by InRetail Real Estate. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

InRetail Real Estate uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements at fair value on a recurring basis, InRetail Real Estate determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

Management determines the policies and procedures for both recurring and non-recurring fair value measurement. At each reporting date, the Valuation Committee analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Group accounting policies.

For the purpose of fair value disclosures, InRetail Real Estate has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy, as explained above.

The fair value of financial instruments measured at amortized cost is presented in note 32.

(e) Transactions in foreign currency -

(i) Functional and presentation currency -

The Group has determined that its functional and presentation currency is the Sol, because it reflects the economic substance of the underlying events and circumstances relevant to most of the Group, insofar as its main operations and/or transactions, sales, cost of sales, obtained financing and an important percentage of purchases are established and paid in Soles. Management assessed and determined the functional currency for every subsidiary; as a result, it concluded that, in all cases, they are the currencies of the countries where subsidiaries operate.

(ii) Transactions and balances in foreign currency -

Foreign currency transactions are those that have been realized in currencies different than the functional currency. Transactions in foreign currency are initially recorded in the functional currency using the spot exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currency are translated at the functional currency spot rates of exchange at the date of the consolidated statements of financial position.

Exchange gains or losses arising from the settlement of said transactions and from translating the monetary assets and liabilities denominated in foreign currency into the spot exchange rates at the end of the year are recognized in the "Exchange difference, net" caption of the consolidated statements of income.

Non-monetary assets and liabilities denominated in foreign currency and accounted at historic cost are translated into the functional currency using the exchange rate at the dates of the initial transactions.

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

- (f) Cash and short-term deposits -
Cash and short-term deposits in the consolidated statements of financial position comprise bank deposits, balances held in cash in different stores of the retail sector, remittance in transit and short-term deposits with an original maturity of three months or less.

- (g) Facilities, furniture and equipment -
Facilities, furniture and equipment are stated at historical acquisition cost net of accumulated depreciation and impairment losses, if any. The historical acquisition cost includes the expenditures that are directly attributable to the acquisition of the assets. The maintenance and repair costs are recognized as profit or loss in the consolidated statements of income, significant renewals and improvements are capitalized when it is probable that future economic benefits, in excess of what was originally assessed, will occur.

Depreciation is calculated on a straight line basis over the estimated useful lives of the assets, as follows:

	Years
Facilities	Between 4 and 10
Furniture and equipment	Between 3 and 10
Transport units	5
Miscellaneous equipment	Between 2 and 10
Computer equipment	Between 2 and 5

Upon the sale or disposal of the asset, the cost and the accumulated depreciation are eliminated, and any gain or loss from their disposal is recognized as profit or loss in the consolidated statements of income.

The asset's residual values, useful lives and methods of depreciation are reviewed at each financial year end and adjusted prospectively, if appropriate.

As indicated in the following paragraph (i), for the transfers made from investment properties to property, plant and equipment, the attributed cost considered for the subsequent recognition is the asset's fair value at the date the use changes.

- (h) Leases -
The determination of whether an agreement is, or contains, a lease is based on the substance of the agreement at the date of its subscription, or if its compliance depends on the use of one or more specific assets, or if it grants the asset's right of use, even if said right is not specified explicitly by the agreement.

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

The Group as lessee -

The Group as lessees, apply a single recognition and measurement approach to all lease agreements, except for short-term leases and low-value asset leases.

(i) Right-of-use-assets

The InRetail Real Estate Group recognizes right-of-use assets at the lease commencement date (that is the date the underlying asset is available to be used). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and are adjusted for any re-measurement of lease liabilities. The cost of right-of-use assets comprises the amount equal to the recognized lease liabilities, initial direct costs incurred, and lease payments made at or before the commencement date, less any lease incentives received. The Group maintains as right-of-use assets: land, buildings and facilities, and vehicles. Land is not depreciated; buildings and facilities and vehicles are depreciated on a straight-line basis over the lease term and are presented in note 20(a).

If ownership of the leased asset is transferred to the lessee at the end of the lease term or if the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

Right-of-use assets are also subject to impairment, see note 3.3(k).

(ii) Lease liabilities -

The Group recognizes lease liabilities measured at the present value of the lease payments to be made over the contract's term. Lease payments include fixed payments (less any lease incentives receivable), variable lease payments that depend on an index or rate and amounts expected to be payable under residual value guarantees. Lease payments also include the price to exercise a purchase option that the Group is reasonably certain to exercise and the penalties for terminating the lease, if the lease term does not reflect that the Group will exercise a termination option. Variable lease payments that do not depend on an index or rate are recognized as expenses in the period in which an event or condition causing the payment occurs. Lease payments are presented in note 20(c).

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

When calculating the present value of lease payments, the Group applies the incremental borrowing rate which is applied on the lease commencement date, as the interest rate implicit in the lease is not readily determinable. After the commencement date, lease liabilities' carrying amounts are increased to reflect the accumulation of interests and reduced to reflect the lease payments made. In addition, lease liabilities' carrying amounts are remeasured if there is a modification due to changes in the lease term, the assessment of a purchase option, the amounts expected to be payable under a residual value guarantee, and future lease payments resulting from a change in an index or a rate.

The lease liabilities of the Group are presented in the line item "Finance lease liability"; see Note 20.

(iii) Short-term leases and leases of low-value assets -

The Group apply the short-term lease recognition exemption to their short-term leases (that is to say, leases with a lease term ending in 12 months or less as of the date of initial application and with no purchase option). It also applies the low-value asset recognition exemption to the office equipment leases that are considered of low value. Lease payments for short-term leases and leases of low-value assets are recognized as expense using a straight-line basis over the lease term.

The Group as a lessor

As of the date of adoption of IFRS 16, there were no substantial changes for lessor accounting in the adoption of IFRS 16. The Group continues to classify leases as operating or financial using similar principles to those of IAS 17.

Leases in which the Group do not substantially transfer all the risks and benefits related to the asset's ownership are classified as operating leases. Rental income obtained from investment properties is accounted on a straight-line basis over the lease term and is recorded as income in the consolidated income statement due to its operating nature, except for the contingent rental income, which is recognized when it arises. Initial direct costs incurred in negotiating an operating lease are added to the carrying amount of the leased asset and recognized over the lease term on the same basis as rental income.

(i) Investment properties -

Investment property comprises completed property and property under construction or redevelopment held to earn rentals or for capital appreciation or both.

Investment properties are measured initially at cost, including transaction costs. Transaction costs include transfer taxes, professional fees for legal services and initial leasing commissions to bring the property to the condition necessary for it to be capable of operating.

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

Subsequent to initial recognition, investment properties are stated at fair value, which reflects market conditions at the reporting date. Gains or losses arising from changes in the fair values of investment properties are included in the consolidated income statements in the period in which they arise. The fair value is evaluated annually by the Management.

Investment properties are derecognized when either they have been disposed of or when the investment property is permanently withdrawn from use and no future economic benefit is expected from its disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in the income statements in the period of derecognition. Transfers are made to or from investment property only when there is a change in use. For a transfer from investment property to component of property, furniture and equipment, the deemed cost for subsequent accounting is the fair value at the date of change. If a component of property, furniture and equipment becomes an investment property, the Group accounts such property in accordance with the policy stated under property, furniture and equipment.

Properties under construction are recorded at acquisition cost or construction cost. The initial cost comprises its purchase price, plus the directly related costs including professional fees for legal services and any cost directly attributable to bring the property to the condition necessary for its intended use.

The Group' management deem that the carrying amount of properties under construction does not exceed their recoverable value.

(j) Intangible assets -

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is its fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Internally generated intangible assets, excluding development costs capitalized, are not capitalized and expenditure is reflected in the income statements in the year in which the expenditure is incurred.

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

The useful lives of intangible assets are assessed as either finite or indefinite. Intangible assets with finite lives are amortized over their useful economic lives (see note 13) and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset with a finite useful life is reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset is accounted for by changing the amortization period or method, as appropriate, and are treated as changes in accounting estimates. The amortization expense for intangible assets with finite lives is recognized in the consolidated income statements in the expense category consistent with the function of the intangible assets.

Intangible assets with indefinite useful lives are not amortized, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the consolidated income statements when the asset is derecognized.

(k) Impairment of non-financial assets -

The Group assesses at each end of year, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount.

An asset's recoverable amount is the higher of an asset's or cash generating units (CGU) fair value less costs of disposal and its value in use and is determined for an individual asset, unless the asset does not generate any cash inflows that are largely independent of those from other assets or group of assets. When the carrying amount of an asset or CGU exceeds its recoverable value, the asset is considered impaired and its value is reduced to its recoverable amount. In calculating the value in use, the estimated cash flows are discounted to their present value using a discount rate that reflects current market conditions and the risks specific to the asset. Cash flows come from the budget for the asset's remaining economic life and do not include restructuring activities to which the Group has not yet committed or significant future investments that would increase the performance of the good or the CGU being tested. In determining fair value less costs of disposal, recent market transactions are considered, if available. If no such transactions can be identified, an appropriate valuation model is used.

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

The Group bases its impairment calculation, if needed, on detailed budgets and forecast calculations which are prepared separately for each of the Group's cash generating units to which the individual assets are allocated. These budgets and forecast calculations are generally covering a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year.

The recoverable amount is highly sensitive to the discount rate used for the discounted cash flow model and the expected future cash flows. Impairment losses are recognized in the consolidated income statement.

(l) Employees benefits -

The Group have obligations corresponding to benefits to its employees that include wages, social contributions, bonuses, performance bonuses and employees' profit sharing. These obligations are recorded on a monthly basis with charge to the consolidated statement of comprehensive income as they accrue.

(m) Provisions -

Provisions are recognized when InRetail Real Estate has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Where InRetail Real Estate expects some or all of a provision to be reimbursed, for example under an insurance contract, the reimbursement is recognized as a separate asset but only when the reimbursement is virtually certain. The expense related to any provision is presented in the consolidated income statement net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost in the consolidated income statement.

(n) Contingencies -

A contingent liability is disclosed when the existence of an obligation shall only be confirmed by future events or when the amount of the obligation cannot be measured with sufficient reliability. Contingent assets are not recognized but are nonetheless disclosed when it is probable that it will generate economic benefits to InRetail Real Estate.

Given their nature, contingencies shall only be settled when one or more future events occur or fail to occur. The determination of contingencies involves inherently the exercise of judgment and the calculation of estimates on the results of future events.

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

(o) Revenue recognition-

IFRS 15 establishes a five-step model that applies to accounting for revenue from contracts with customers and that includes:

- Identification of the contract with the client.
- Identification of performance obligations in the contract.
- Determination of the transaction price.
- Allocation of the transaction price to the performance obligations of the Contract.
- Recognition of revenue from ordinary activities when (or as) the entity meets performance obligations.

Revenue is recognized to the extent that it is probable that economic benefits will flow to InRetail Real Estate and the amount can be reliably measured, regardless of when the payment is made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duty. InRetail Real Estate assesses its revenue arrangements against specific criteria in order to determine if it is acting as principal or agent and has concluded that it is acting as a principal in all of its revenue arrangements. The following specific recognition criteria must also be met before revenue is recognized:

- Rental income

Rental income obtained from investment properties is accounted for on a straight-line basis over the lease term and is recorded as income in the consolidated income statement due to its operating nature, except for the contingent rental income, which is recognized when it arises.

The lease term is the non-cancellable period, together with any other additional period for which the lessee has the option to extend the lease, if Management is reasonably certain, at the date of the commencement date, that the lessee will exercise that option.

The amounts received from lessees to resolve rents or offset impairment of leased facilities are recorded as income in the consolidated income statement when the right to receive them arises.

Service charges, management charges and others recoverable expenses paid by lessees, and the income from expenses charged to lessees are recognized in the period in which the compensation becomes receivable. Service and management charges and other invoices are included in the gross rental income of related costs, as Management considers that the Group acts as principal

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

- Key money
The incentives granted by the tenants to enter into lease agreements (key money) are distributed evenly on the term of the lease, even if payments are not made on that basis. The deferral period of the incentives corresponds to the lease's unaccrued period, along with any other period for which the lessee has the option to extend the lease, and InRetail Real Estate's Management have certainty that it will exercise. These amounts are presented in the caption "Deferred income" of the consolidated financial statement. The amounts received from tenants to terminate leases or to compensate for wear-off are recognized in the consolidated statement of income when they arise.

The income related to service charges, management expenses and other expenses recoverable from tenants are recognized in the period in which such compensations are demandable. Management services charges and other income are included in the gross leasing income net of the related costs.

- Interest income
For all financial instruments measured at amortized cost and interest bearing financial assets classified as financial instruments at fair value through other comprehensive income, interest income or expense is recorded using the effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts through the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset or liability. Interest income is included in "financial income" in the consolidated income statement.
- Other income is recognized as realized and accrued, and is recorded in the periods to which it relates.

- (p) Borrowing costs -
Loan costs that are directly attributable to the acquisition, construction or production of an asset which takes a long time to get ready for its intended use or sale are capitalized as part of the asset's cost. These costs are capitalized as part of the cost of the asset, provided that they are likely to lead to future economic benefits for the entity and they can be reliably measured. All the other loan costs are accounted for as expenses when they accrue and include interest charges and other costs incurred by the InRetail Real Estate Group in the execution of the respective loan agreements. Non-accrued finance costs reduce the liability that gave rise to them.
- (q) Recognition of costs and expenses -
Service cost is recognized in a simultaneous manner to the recognition of the income from the corresponding service provided.

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

The rental expenses for usufruct and surface rights are recognized as they accrue; and are recorded in the periods with which they are related.

Lease expenses for rights to use and landlord leases are recognized as they accrue and are recorded in the periods to which they are related.

Loan costs are accounted for as financial expenses in the period they are incurred. Loan costs include interests and other costs that InRetail Real Estate incurs in relation to the execution of the respective loan agreements.

Other operating costs and expenses are recognized when accrued, regardless of the moment they are paid, and are recorded in the periods to which they are related.

(r) Taxes -

The income tax of the Subsidiaries is determined based on the non-consolidated financial statements of each subsidiary and the taxable income determined for taxing purposes.

Current income tax -

Assets and liabilities for income tax for the current period are measured by the amounts expected to be recovered or paid from or to the Tax Authority, based on the entity's financial statements. The tax rates and tax regulations used to compute said amounts are those that are approved, as of the date of the statement of financial position. According to Peruvian laws, employee profit sharing is calculated over the same basis used to calculate current income taxes and, in the case of Ecuador, over the basis of financial profit.

Current income tax relating to items recognized directly in consolidated equity is recognized in consolidated equity and consolidated statements of comprehensive income and not in the consolidated income statements. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred income tax -

Deferred income tax is provided using the liability method on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognized for all taxable temporary differences, except:

- Where the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, does not affect neither the accounting profit nor taxable profit or loss;

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

- In respect of taxable temporary differences associated with investments in Subsidiaries, associates and interests in joint ventures, when the timing of the reversal can be controlled and it is probable that the temporary differences will not be reversed in the foreseeable future.

Deferred tax assets are recognized for all deductible temporary differences, carry forward of unused tax credits and unused tax losses. Deferred tax assets are recognized to the extent that it is probable taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilized, except:

- Where the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss;
- In respect of deductible temporary differences associated with investments in Subsidiaries, associates and interests in joint ventures, deferred tax assets are recognized only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that enough taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are reassessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized, or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the reporting date or whose approval procedure is about to be completed by that date.

Deferred tax relating to items recognized outside profit or loss is recognized outside profit or loss. Deferred tax items are recognized in correlation to the underlying transaction either in other comprehensive income or directly in consolidated equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current income tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

- (s) Earnings per share -
Basic and diluted earnings per share amounts are calculated by dividing the net profit for the year attributable to ordinary equity holders of the Company by the weighted average number of ordinary shares outstanding during the year. As of December 31, 2023 and 2022, the Company does not have financial instruments with dilutive effect, therefore basic and diluted earnings per share are identical for the years reported.

- (t) Business segments -
The Group reports financial and descriptive information about its reportable segments. A reportable business segment is an operating segment or an aggregate of operating segments that meet certain specific criteria. Business segments are a component of an entity on which the financial information is separately available and is periodically assessed by the Chief Operating Decision Maker (henceforth "CODM") on how to assign the resources and assess its performance. Generally, the financial information is presented on the same basis that is used internally to assess the operating performance of business segments and to decide how to assign resources to them. The Group has two business segments located in Lima and provinces, note 28.

- (u) Subsequent events -
The subsequent events at the end of the period that provide additional information about the financial situation of the Group at the date of the consolidated statements of financial situation (adjustment events) are included in the consolidated financial statements. The significant subsequent events that are not adjustment events are presented in the notes to the consolidated financial statements.

3.4 Judgments, estimates and significant accounting assumptions

The preparation of the consolidated financial statements requires the Management of InRetail Real Estate to use judgments, estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the consolidated financial statements, as well as the amounts of income and expenses for the years ended December 31, 2023 and 2022.

In the process of applying the accounting policies of the Group, Management made the following judgments, which had a significant effect on the amounts recognized in the consolidated financial statements:

- (i) Taxes (see note 3.3 (k) and 26)
The originators of the Trust Assets of InRetail Real Estate are subject to the withholding of the income tax by the latter. Significant lawsuits are required to determine the provision for current and deferred income tax.

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

There are several transactions and calculations for which the determination of taxes and the date of payment are uncertain. Particularly, in the calculation of deferred taxes, the effective tax rate applicable to temporary differences, mainly in investment properties, depends on the method by which the carrying amount of assets or liabilities will be realized.

The Group recognizes current tax liabilities based on estimates of whether additional taxes will be paid. When the final result of these matters is different from the amounts that have been initially recorded, said differences will impact the income and provisions for deferred taxes in the period in which they are determined. Deferred tax assets and liabilities are recognized in net terms by the Company, insofar as they are related to the same Tax Authority and expire in approximately the same period.

On the other hand, the most significant estimates and assumptions considered by the Management of InRetail Real Estate in relation to the consolidated financial statements are as follows:

- (i) Depreciation method, estimated useful lives and residual values of facilities, furniture and equipment (see note 3.3(g)) -
The determination of the depreciation method, the estimated useful lives and the residual values of the components of facilities, furniture and equipment involves judgments and assumptions that could be affected if the circumstances change. Management reviews these assumptions periodically and adjusts them prospectively in the case of identifying any change.
- (ii) Lease conditions in contracts with renewal and termination options - note 3.3(i)
The Group as a lessee defines the lease term as the non-cancellable period, together with any other period covered by an option to extend the lease if it is exercised or any other period covered by an option to terminate the lease if it is not exercised. The Group applied the judgement to evaluate the possibility of exercising the options to renew or terminate leases. Therefore, it considers all the facts that create an economic incentive to exercise either the renewal or the termination. After the commencement date, the Group reassesses the lease term if a significant event or change in circumstances that is within its control affects its capacity to exercise or not the renewal or termination options (for instance, the realization of significant improvements for leases or customization of a leased asset).

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

(iii) Incremental borrowing rate (note 3.3(h)) -

To determine the interest rate implicit in the lease, the Group uses their incremental borrowing rate (IBR) to measure lease liabilities. IBR is the interest rate the Group would have to pay to borrow, over a similar term and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment. Therefore, IBR reflects how much the Group "would have to pay", which requires an estimate when there are not observable prices or when they have to be adjusted to reflect the terms and conditions of a lease (for instance, when leases are not in the subsidiary's functional currency). The Companies estimates the IBR using observable inputs (such as market interest rates) when available and is obliged to make certain specific adjustments in the Group (such as the subsidiary's independent credit evaluation, or in order to reflect the terms and conditions of the lease).

(iv) Fair value of the investment properties (see note 3.3(i))

The fair value of all completed investment properties (commercial and real estate centers) has been determined by Management using the discounted cash flow method.

Investment properties maintained to be operated in the future (land) are also measured at its fair value, which is determined based on the value assigned by an external appraiser. The external appraiser uses the comparable market method, according to which the fair value of a property is estimated based on comparable transactions; the unit of comparison applied is the price per square meter. In exceptional situations, when the fair value can't be reliably estimated, these investments are measured at cost.

The determination of the fair value of the investment properties requires the use of estimates, such as the future cash flows of the assets (for example: leases, sales, fixed rents to the different types of tenants, variable rent depending on a percentage of sales, operating costs, construction costs (CAPEX), CAPEX maintenance and discount rates applicable to assets). Additionally, development risks, such as construction and abandonment, are also taken into account when determining the fair value of investment property under construction.

The financial system volatility is reflected in the real estate markets. Therefore, in order to estimate investment properties market values in the consolidated statement of financial position, Management and appraisers use their market knowledge and professional judgement, and do not depend only on comparable historical transactions. In this sense, there is a greater degree of uncertainty than that presented in a more active market, for estimating the market values of investment properties.

The methods and significant assumptions used in the estimation of the fair value of investment properties are detailed in note 12.

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

Techniques used in investment properties valuation -

The discounted cash flow method involves the projection of a series of periodic cash flows from either a property or a property under development. For this series of projected cash flows, a discount rate is applied to obtain the present value of the income flow associated with the property. The periodic calculation of cash flows is normally determined as rental income net of operating expenses for investment properties in operation and in the case of construction investment properties whose advance is significant is determined on the basis of the rates per square meter included in the contracts signed on that date. The series of periodic net operating income, together with an estimate of the terminal value (which uses the traditional valuation method) at the end of the projection period, is discounted to present value. The sum of the net present values is equal to the market value of the property.

(v) Impairment of non-financial assets (see note 3.3(k)) -

The InRetail Real Estate Group assesses, on each reporting date, if there is sign that an asset may be impaired. If there is sign of it or whenever the annual impairment test of an asset is required (indefinite-life intangible assets), the InRetail Real Estate Group estimates the recoverable amount of the asset, as it mentioned in note 3.3(k).

For non-financial assets except for goodwill, an assessment is performed on each date of presentation of consolidated financial statements to know if there is sign that the permanent impairment loss previously recognized no longer exists or has decreased. If such sign exists, the Group estimates the recoverable amount. An impairment loss previously recognized for an asset is only reversed if there was a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognized.

The reversal is limited in such a way that the asset's carrying amount may not exceed its recoverable amount or the carrying amount that it would have been determined had no impairment loss been recognized in prior periods. Said reversal is recorded in the consolidated income statement.

(vi) Recovery of deferred tax assets (see note 3.3(r)) -

Deferred tax assets require Management to evaluate the probability that the Group generates taxable income for future periods in order to use the deferred tax assets. The estimates of future taxable income are based on the projections of cash flows from operations and the application of the tax legislation in force. As the future cash flows and the taxable income differ significantly from the estimates, it might have an impact on the capability of the Group to realize the net deferred tax assets recorded at the reporting date of consolidated financial statements.

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

Additionally, future changes in tax legislation might limit the capability of the Group to obtain tax deductions in future periods. Any difference between the estimations and the later actual payments is recorded in the year in which it occurs.

- (vii) Valuation of the derivative hedging financial instruments (see note 3.3(c) and 10)
When the fair value of the financial assets and liabilities recorded in the consolidated statement of financial position cannot be determined in active markets, they are obtained using valuation techniques that include the discounted cash flow model (DCF). The data for these models are taken from observable markets whenever possible, but when this is not possible, a degree of judgment in the establishment of fair values is required.

Valuations include data estimates such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments, see note 32.

- (viii) Estimation of taxes (see note 26)
Uncertainty exists with regard to the interpretation of complex tax regulations, the changes in the tax norms and the amount and opportunity in which future taxable income is generated. The subsidiaries of the Group calculate provisions, on the basis of reasonable estimations for the possible consequences derived from the inspections performed by the Tax Authority. The amount of these provisions is based on several factors such as the experience in previous tax examinations, and on the different interpretations about the tax regulations made by the Group and their advisers.

These differences in interpretation can arise in a great variety of questions, depending on the circumstances and existing conditions in the place of domicile of the Group.

In the Management's opinion, these judgments, estimations and assumptions were performed on the basis of their best knowledge of the relevant facts and circumstances at the date of preparation of the consolidated financial statements; nevertheless, the final results could differ from the estimations included in the consolidated financial statements. Management of the Group does not expect that the changes, provided they occur, will have significant effect on the consolidated financial statements.

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

3.5 New accounting standards -

The standards and interpretations that are issued for the Group, but not yet effective, up to the date of issuance of the consolidated financial statements are disclosed below. The Group intends to adopt these standards, if applicable, when they become effective:

- Amendment to IFRS 16: "Lease liability on a sale with a subsequent lease" -
In September 2022, the IASB issued amendments to IFRS 16 to specify the requirements that a seller-lessee uses when measuring the lease liability that arises in a sale-leaseback transaction, to ensure that the seller-lessee does not recognize any amount of the gain or loss, which relates to the right of use it retains.

The amendments are effective for annual reporting periods beginning on or after January 1, 2024, and should be applied retrospectively to subsequent sale and lease transactions entered into after the initial application date of IFRS 16. Early application is allowed and that fact must be disclosed.

- Amendments to IAS 1 "Presentation of Financial Statements: Classification of Liabilities as Current or Non-Current" -

In January 2020 and October 2022, the IASB issued amendments of IAS 1 to paragraphs 69-76, effective for annual reporting periods beginning on or after January 1, 2024, of with the purpose of specifying the requisites for the classification of liabilities as current or non-current. The amendments clarify:

- What is meant by a right to defer a settlement arrangement.
- That a right to defer must exist at the end of the reporting period.
- That liability classification unaffected by the likelihood that an entity will exercise its deferral right.
- That only if an embedded derivative in a convertible liability is itself an equity instrument would the terms of a liability not impact its classification.

- Supplier Financing Agreements - Modifications to IAS 7 and IFRS 7 -

In May 2023, the IASB issued amendments to IAS 7 Statement of Cash Flows and IFRS 7 Financial Instruments: Disclosures to clarify the characteristics of supplier financing arrangements and require additional information about such arrangements to be disclosed. The objective of the disclosure requirements imposed by the amendments is to help users of financial statements have a better understanding of the effects of supplier financing arrangements on liabilities, cash flows and exposure to liquidity risk. of an entity.

The amendments will be effective for annual periods beginning on or after January 1, 2024.

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

- International Sustainability Financial Reporting Standards and Climate Disclosures -
On June 26, 2023, the International Sustainability Standards Board officially released its first IFRS Sustainability standards, ushering in a new era in international corporate reporting.

Both IFRS S1 and IFRS S2 are effective for annual periods beginning on or after January 1, 2024.

There is a climate-first transition option, which allows an entity to provide only climate-related information in its first year of application of IFRS S1 and IFRS S2.

Although these new standards are effective from January 1, 2024 at the international level, at the country level, the organizations that regulate the Peruvian local market have been evaluating the applicability and validity of these new IFRS. However, the Company has been dedicating efforts to planning to obtain extensive and timely information, with the objective of presenting users of the financial statements with the necessary information in accordance with established standards.

The Company currently is evaluating the possible impact of these standards on its consolidated financial statements; However, in the Management´s opinion, given the nature of the operations of the Company and its Subsidiaries, they will not have an impact significant impact on the consolidated financial statements.

4. Cash and short-term deposits

- (a) The composition of this caption is presented below:

	2023 S/(000)	2022 S/(000)
Cash and petty cash	47	51
Current accounts (b)	112,902	220,695
	<u>112,949</u>	<u>220,746</u>

- (b) The current accounts comprise accounts in Soles and in US dollars, maintained in local financial institutions, are free of charge, are freely available and do not generate interest.

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

5. Financial instruments at fair value through profit or loss

Below is the composition of the item as of December 31, 2023 and 2022:

Entity	2023			2022		
	Number of quotes	Quote value (in Soles)	2020 S/(000)	Number of quotes	Quote value (in Soles)	2020 S/(000)
Investment funds managed by Sura S.A. SAF						
Soles -						
Sura Ultra Cash Soles FMIV	703,711.82	174.1590	122,558	-	-	-
US Dollars -						
Sura Ultra Cash Dólares FMIV	96,286.80	438.6071	42,232	-	-	-
			<u>164,790</u>			<u>-</u>

In Group Management's opinion, investment funds are highly liquid and have low risk levels.

As of December 31, 2023 and 2022, the value of the financial instruments at fair value through profit or loss includes the effects of the change in the quote price and the level of the exchange rate at the end of the year, these originated a recognition of a gain of approximately S/5,327,000 y S/1,851,000 during the years ended 2023 and 2022, respectively, presented in the caption "Finance income" in the consolidated income statements, note 25.

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

6. Trade accounts receivables, net

(a) Below is the composition of the item as of December 31, 2023 and 2022:

	2023 S/(000)	2022 S/(000)
Bills receivable (b)	53,124	36,587
Unbilled services (c)	19,113	21,007
Receivable bills of exchange (b)	7,122	12,278
	<u>79,359</u>	<u>69,872</u>
Minus -		
Allowance for doubtful accounts (d)	(29,102)	(26,795)
	<u>50,257</u>	<u>43,077</u>

(b) Corresponds mainly to rents, which are denominated in Soles and US dollars, have current maturity and do not bear interest.

(c) Corresponds mainly to accrued lease services not billed for the concept of variable income and fixed income, which are billed during the following quarter.

(d) The movement of the provision for impairment as of December 2023 and 2022 is as follows:

	2023 S/(000)	2022 S/(000)
Balance as of January 1	26,795	23,283
Additions, see note 23	10,216	16,305
Recoveries, see note 23	(7,909)	(11,997)
Adjustment for difference in exchange	-	(796)
	<u>29,102</u>	<u>26,795</u>
Balance as of December 31	<u>29,102</u>	<u>26,795</u>

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

(e) As of December 31, 2023 and 2022 the aging analysis of trade receivables is as follows:

	2023		
	Non-impaired S/(000)	Impaired S/(000)	Total S/(000)
Unbilled services	19,113	-	19,113
Not past-due	9,989	1,909	11,898
Past-due			
From 1 to 90 days	19,149	2,308	21,457
From 91 to 120 days	810	541	1,351
From 121 to 180 days	737	1,885	2,622
From 181 to 270 days	459	2,493	2,952
More than 270 days	-	19,966	19,966
	<u>50,257</u>	<u>29,102</u>	<u>79,359</u>
	2022		
	Non-impaired S/(000)	Impaired S/(000)	Total S/(000)
Unbilled services	21,007	-	21,007
Not past-due	8,177	3,406	11,583
Past-due			
From 1 to 90 days	13,093	3,467	16,560
From 91 to 120 days	169	693	862
From 121 to 180 days	399	1,329	1,728
From 181 to 270 days	216	1,974	2,190
More than 270 days	16	15,926	15,942
	<u>43,077</u>	<u>26,795</u>	<u>69,872</u>

Past-due trade receivables mainly correspond to tenants who hold current contracts as of the date of this report and are operating in the shopping malls. Likewise, past-due accounts which have payment agreements are considered as not impaired; therefore, they do not represent a risk of uncollectability.

(f) In Management's opinion, the provision for impairment as of December 31, 2023 and 2022, adequately covers the credit risk from this item at those dates.

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

7. Other receivables

(a) Below is the composition of the item as of December 31, 2023 and 2022

	2023 S/(000)	2022 S/(000)
Funds held in Banco de la Nación (b)	8,700	14,406
Claims	4,892	4,892
Advances to suppliers	1,537	70
Claims and unsettled advances	118	44
Others	1,831	245
	<u>17,078</u>	<u>19,657</u>
By term:		
Current	12,186	14,765
Non-current	4,892	4,892
	<u>17,078</u>	<u>19,657</u>

(b) In accordance with Superintendence Resolution No. 183-2004/SUNAT, the funds held in the Banco de la Nación must be used exclusively for the payment of tax debts, or their refund in cash may also be requested. In the case of the Group, these funds have been used mainly for the payment of taxes during the months of January and February of the years 2024 and 2023, respectively.

(c) In Management's opinion, there is no credit risk, and therefore, it is not necessary to establish an impairment allowance as of December 31, 2023 and 2022.

8. Recoverable taxes

(a) The composition of this caption as of December 31, 2023 and 2022 is presented below:

	2023 S/(000)	2022 S/(000)
Value-added-tax credit (b)	22,788	23,073
Income tax credit	1,024	428
Other taxes (c)	464	701
	<u>24,276</u>	<u>24,202</u>
By term:		
Current	11,958	11,036
Non-current	12,318	13,166
	<u>24,276</u>	<u>24,202</u>

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements *(continue)*

- (b) It originates mainly due to the expansion and construction of the Shopping malls owned by the Group, as well as other disbursements related to its operations. The Group Management considers that this balance will be recovered with the general sales tax that is applicable to future rental income of the property.
- (c) It corresponds to the Temporary Tax over Net Assets deducted as payments of income tax. According to the tax legislation, its refund is requested after the annual tax declaration.

		2023 US\$(000)	2022 US\$(000)		2023 S/(000)	2022 S/(000)	2023 S/(000)	2022 S/(000)
Cash flow hedge -								
Call Spread	J.P. Morgan	250,000	250,000	Abril - 2028	68,904	67,348	-	-
Call spread	J.P. Morgan	100,000	-	Abril - 2028	11,541	-	-	-
Cross Currency Swap	J.P. Morgan	100,000	100,000	Abril - 2028	-	-	34,791	17,989
					<u>80,445</u>	<u>67,348</u>	<u>34,791</u>	<u>17,989</u>

In March 2018, InRetail Shopping Malls signed a new "Call Spread" contract with J.P. Morgan for a reference value of US\$350,000,000 in order to reduce exposure to foreign exchange risk arising from senior notes issued in foreign currency by InRetail Shopping Malls in April 2018, see note 16(b).

On July 1, 2021, InRetail Shopping Malls decided to replace US\$100,000,000 of the Call Spread for US\$100,000,000 of a Cross-Currency Swap on the issuance of its Senior Notes Unsecured, which establishes the currency exchange at an exchange rate of S/3.887 per dollar, which for the purposes of IFRS 9, qualifies as an effective hedging instrument.

In addition, on April 4, 2023, InRetail Shopping malls (subsidiary of the Company) acquired a Call Spread that covers US\$100,000,000 of the foreign currency exposure of the principal of the issuance of debt instruments "Notes" and protects exchange rate variations between 3.90 and 4.30 for US\$1.00. The Call Spread premium is financed for a term equal to that of the issue.

The premium for the derivative was financed by J.P. Morgan, thus generating a liability which balance as of December 31, 2023 amounts to US\$9,496,000, equivalent to approximately S/35,259,000 (US\$11,102,000, equivalent to approximately S/42,411,000, as of December 31, 2022), see note 16(a). In accordance with IFRS 9, the financed premium was recorded and charged against the non-current asset in the caption "Derivative financial instrument - 'Call Spread'" and is recognized in profit or loss using a straight-line method over the hedging term. Consequently, the amount accrued during the fiscal year ended December 31, 2023 and 2022 was S/10,098,000 y S/8,990,000, respectively, and is recorded in the caption "Finance expenses - Straight-line accrued premium", see note 25.

During 2023, approximately S/10,333,000 (S/36,029,000 during 2022) was recognized in the caption "Unrealized results on derivative financial instruments" in the consolidated statements of changes in equity, representing the derivative financial instrument hedging effect during such year.

As of December 31, 2021, the Call Spread hedges US\$250,000,000 of the foreign exchange senior notes issued in April 2018 by InRetail Shopping Malls (see note 16) of the foreign exchange exposure of the issuance's principal and protects the exchange rate variations ranging from S/3.26 to S/3.75 per US\$1.00 and the Cross-Currency Swap hedges the remaining amount of the debt for US\$100,000,000, which establish the foreign exchange rate of S/3.887 per US\$1.00; in this regard, during the year 2022, the exchange rate has suffered increases outside the exchange rate bands covered by the aforementioned derivative instruments, said exchange rate variation is recorded in the consolidated statement of income, in addition to generating a passive position in the "Cross-Currency Swap".

Disposal	(94)	(16)	(127)	(13)	(250)
Balance as of December 2023	6,332	4,044	-	28,169	38,545
Net cost					
As of December 31, 2023	1,014	500	-	14,466	15,980
As of December 31, 2022	1,086	394	87	6,972	8,539

(b) As of December 2021, and 2020, there are no pledges or guarantees provided to third parties on the facilities, furniture and equipment of the Group.

(c) During 2023, the main additions correspond mainly to the purchase of computing equipment, for an approximate amount of S/10,242,000 (during 2022, correspond mainly to the purchase of Videowall screens, for approximately S/2,497,000).

(d) Management periodically reviews the residual values, useful life and the depreciation method to ensure that they are consistent with the economic benefits and the life expectancy of the fixed assets. In Management's opinion, there is no evidence of impairment in its fixed assets as of December 2023 and 2022.

(e) As of December 2021, and 2020, the cost and corresponding accumulated depreciation of assets acquired through finance leases are the following:

	December 31 2023			December 31 2022		
	Cost S/(000)	Accumulated depreciation S/(000)	Net Cost S/(000)	Cost S/(000)	Accumulated depreciation S/(000)	Net Cost S/(000)

- (c) In June 2023, the Company acquired the Izaguirre property for US\$21,900,000 equivalent to S/79,738,000 at the time of purchase from the related company "Horizonte Global Opportunities S.A.C."
- (d) In June 2023, the group acquired the building of the Supermercados Peruanos S.A. store. for S/29,300,000 in the Santa Clara property.
- (e) In August 2023, the property of a store located in "Lurín" owned by Supermercados Peruanos S.A. was acquired. (Linked company) for S/48,873,000.
- (f) In July 2022, the Group acquired through Patrimonio en Fideicomiso D.S. N°093-2002-EF - Interproperties Perú a property called " Centro Comercial Molina Plaza", later called "Plaza Center La Molina", for a value of Investment properties of US\$28,700,000 equivalent to S/110,179,300 on the date of the purchase. In view of the foregoing, management found it necessary to create Class 27, which will be owned by Patrimonio en Fideicomiso D.S. 093-2002-EF - Interproperties Holding II to which the aforementioned project would be assigned, this was approved by the Administration Committee on June 14, 2022
- (g) In April 2022, a piece of land located in the district of San Borja, Lima was acquired. This was obtained through Patrimonio en Fideicomiso D.S. N°093-2002-EF - Interproperties Perú for \$14,100,000, approximately S/54,313,000. In view of the foregoing, Management found it necessary to create Class 26, which will be owned by Patrimonio en Fideicomiso D.S. 093-2002-EF - Interproperties Holding II, which will be designated to real estate projects, among which is the project " Primavera", this was approved by the Administration Committee on April 18, 2022.
- (h) During 2022, the Group sold participation certificates, which had as underlying two properties located in Lima, called "Rex" and "Zapallal", to related Companies for an approximate amount of

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

S/118,100,000, generating a gain of S/12,872,000, see note 27(a). Withdrawals for the "Rex" and "Zapallal" properties were for the approximate amount of S/88,165,000 and S/17,063,000, respectively.

- (i) In 2022, a technical report was received showing that a part of the Tarapoto property is superimposed on the city airport and therefore belongs to a restricted domain area, so real estate projects could not be carried out, In light of this the Management decided to write off 50 percent at the end of fiscal year 2022 on that land for an approximate amount of S/8,391,000. On the other hand, the Management paralyzed the "Bazar La Marina" project with no predisposition to resume it in the future, for which it was decided to write off the investment for an approximate amount of S/1,777,000.
- (j) As of December 2021, and 2020 the Group does not have properties classified in Level 1 or 2 of the fair value hierarchy. As of said dates, the fair value of the investment properties was classified in Level 3 and was determined through the discounted cash flow methodology (DCF) for operating commercial centers and real estate and a valuation formulated by an independent professional registered in the "Consejo Nacional de Tasadores-CONATA" and the "Registro de Peritos Valuadores" (REPEV) in the Superintendency of Banking and Insurance (SBS).

According to the provisions of note 3.3(h), in order to estimate the fair values of the investment properties, the Management of the Group have used their knowledge of the market and professional judgment.

During 2023 and 2022, the fluctuation of the fair value of investment properties generated a loss and an income of approximately S/101,909,000 y S/3,943,000, respectively; which is presented in the caption "Fair value of investment properties" in the consolidated statements of income.

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

A brief description of the assumptions considered for the calculation of cash flows, which are prepared on an added and unlevered basis, as of December 31, 2023 and 2022, are presented below:

	Percentage	
	2023	2022
- Long-term inflation - Is the increase of the general level of prices expected in Peru for the long term.	2.87	2.87
- Long-term average occupancy rate - The expected occupancy rate considered.	98.52	98.20
- Average growth rate of rental income - Is the rate that expresses the rental income growth and includes growth factors of the industry, inflation rates, stable exchange rate, per capita income and increasing expenses.	2.87	2.87
- Average EBITDA margin - Is projected from the rental income from leasable areas by property and marketing income, minus costs related to administration fees, other administrative expenses, insurance, taxes and other expenses.	81.23	83.84
- Average discount rate - It reflects the current market risk and the uncertainty associated with obtaining cash flows.	9.40	9.40

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

The fair value of parcels is determined based on the value set by an external appraiser. The external appraiser uses the comparative market analysis, through which the fair value of a property is estimated based on similar transactions. The unit of comparison applied by the Group and Subsidiaries is the price per square meter. As of December 31, 2023, the parcels' price range per square meter and the average price per square meter in the geographical area of the parcels are as follows:

Terreno	Range US\$	Average US\$
Chacarilla - Lima	1,996 - 3,730	2,780
Arequipa - Arequipa	1,202 - 2,240	1,650
Puruchuco - Lima	650 - 1,600	1,111
Santa Clara - Lima	517 - 900	687
San Borja - Lima	1,578 - 1,815	1,687
Sullana - Piura	263 - 484	374
Pucallpa - Pucallpa	364 - 400	429
Cañete - Lima	120 - 739	318
Tarapoto - San Martin	350 - 545	475
Lurín 2 - Lima	293 - 352	332
Nuevo Chimbote - Ancash	115 - 519	299
Carabaylo II - Lima	167 - 380	259
Lurin - Lima	199 - 250	219
Carabaylo - Lima	102 - 193	144
Pisco - Ica	134 - 167	157

- (k) The sensitivity analysis on the valuation of investments in properties is presented below, together with changes in factors that Management deems more important:

	Rate change	2023 S/(000)	2022 S/(000)
Average growth rate of rents (basis) - 2.50%			
Increase	+0.25%	132,473	121,401
Decrease	-0.25%	(123,775)	(113,327)
Discount rate (basis) - 8.70% - 9.00%			
Increase	+0.5%	(267,540)	(252,689)
Decrease	-0.5%	305,637	288,550

2025	7,891	104,218	4,433	85,396	12,324	189,614
2026	7,175	101,848	4,375	65,094	11,550	166,942
2027-2076	90,135	1,261,683	79,233	325,617	169,368	1,587,300
Total	125,335	1,697,912	96,973	792,707	222,308	2,490,619

As of December 31, 2023 and 2022, the minimum rents are calculated on the basis of a time horizon between 53 and 56 years.

The Group maintain insurance on its investment properties in accordance with the policies established by Management.

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

13. Intangible assets, net

- (a) The composition and movement of this item as of the date of the consolidated statement of financial position is presented below:

	Software S/(000)	Other assets S/(000)	Work in progress S/(000)	Total S/(000)
Cost				
Balance as of January 1, 2022	13,069	3,188	3,542	19,799
Additions (c)	1,670	386	2,505	4,561
Disposals	-	(9)	-	(9)
Transfers	2,875	-	(2,875)	-
Balance as of December 31, 2022	17,614	3,565	3,172	24,351
Additions (c)	205	532	5,213	5,950
Balance as of December 31, 2023	17,819	4,097	8,385	30,301
Accumulated amortization				
Balance as of January 1, 2022	6,037	158	-	6,195
Amortization of the year, see note 23	2,937	417	-	3,354
Transfers	-	(2)	-	(2)
Balance as of December 31, 2021	8,974	573	-	9,547
Amortization of the year, see note 23	3,130	476	-	3,606
Balance as of December 31, 2023	12,104	1,049	-	13,153
Net cost				
As of December 31, 2023	5,715	3,048	8,385	17,148
As of December 31, 2022	8,640	2,992	3,172	14,804

- (b) Intangible assets are initially measured at cost and are carried at cost less accumulated amortisation. Amortisation is expensed and determined using the straight - line method over the basis of the corresponding useful life, which are estimated between two and ten years.

The useful life estimation is assessed periodically to ensure that amortization periods are consistent to the expected pattern of economic benefits arising from such assets.

- (c) During 2023, the main additions correspond mainly to projects: Corporate systems for S/3,438,000 and IT payroll for S/1,724,000.

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

During 2022, the main additions correspond mainly to the purchase of software: Advance Real Estate V.1.0 - AFYL for S/1,687,618, Service Desk Project for S/396,851, Tenant Portal for S/239,344., Cross Microservices (Software Architecture) for S/238,233, Real Plaza Go for S/202,561 and improvements in assets in progress: App Real Plaza for S/523,621 and Real Plaza Go for S/283,796.

14. Trade accounts payables

(a) The composition of this caption as of December 31, 2023 and 2022 is presented below:

	2023 S/(000)	2022 S/(000)
Third parties (b)	47,727	36,043
Provisions for unbilled services (c)	9,477	10,417
	<u>57,204</u>	<u>46,460</u>
By term:		
Current	53,430	41,323
Non-current	3,774	5,137
	<u>57,204</u>	<u>46,460</u>

(b) Trade accounts payable mainly comprise obligations with contractors for the construction and / or remodeling of the Shopping Malls. The invoices to pay are denominated in Soles and in US dollars, and do not accrue interest.

(c) Corresponds to provisions of services received and not invoiced by the suppliers, mainly for services of the construction companies provided in the last quarter of the period. In Management's opinion of the Group, such provisions are sufficient to meet the liabilities once they are invoiced.

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

(b) Corresponds to the following issuances:

(b.1) In April 2018, InRetail Shopping Malls, subsidiary of the Company, issued corporate bonds called "5.75 Senior Notes Unsecured" for US\$68,312,000, under the Rule 144A and the Regulation S of the United States' Securities Act of 1993. The amount resulting from this issuance was used to pre-pay the bond holders that chose not to participate in the bonds exchange, as explained in the following paragraph.

InRetail Shopping Malls made a bond exchange offer aimed at holders of the "6.500% Senior Notes Unsecured 2022", that were issued in 2014, thus exchanging bonds for US\$263,723,000 which generated financial charges for approximately US\$17,965,000 in the item "Debt and interest-bearing loans" of the consolidated statement of financial position; therefore, the total effect on the item mentioned above for the bond exchange was US\$281,688,000. Consequently, considering the bond issuance of April 2018 (for US\$68,312,000) and the bonds exchange, the amount of "5.75% Senior Unsecured Notes" is US\$350,000,000.

This obligation was recorded in the consolidated financial statements at its amortized cost at an annual effective interest rate of 6.752 percent, after considering the structure costs amounting to around US\$13,031,000, approximately equivalent to S/48,384,000 on December 31, 2023 (US\$15,582,000, approximately equivalent to S/59,522,000 as of December 31, 2022).

The Group's Management concluded that the aforementioned bond exchange did not generate a significant modification in the terms and conditions of the financial liability; therefore, it did not recognize a new financial liability. The original costs of the transaction related to the exchanged bonds will continue to be amortized based on the calendar of the new bond.

(b.2) In April 2018, debt instruments ("Notes") in Soles were issued for S/313,500,000, with interests paid every six months and whose principal is paid in one installment at their maturity date. This obligation is recorded in the consolidated financial statements at amortized cost at an effective annual rate of 6.730 percent, after considering structure costs of around 2,123,000, as of December 31, 2023 (approximately S/2,541,000 of December 31, 2022).

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

- (b.3) In July 2014, InRetail Real Estate Corp. issued through InRetail Shopping Malls, a private offering in the local market and abroad of " Senior Notes Unsecured " for S/141,000,000. This obligation was recognized in the consolidated financial statements at amortized cost and includes issuance charges for approximately S/1,152,000 as of December 31, 2022 (S/1,245,000 as of December 31, 2022). This obligation was recorded in the consolidated financial statements at amortized cost at an effective annual interest rate of 7.988 percent. In addition, as of December 31, 2023 and 2022 is presented net of S/4,000,000, corresponding to the "Senior Notes Unsecured " held by InRetail Shopping Malls.
- (b.4) The interest accrued during the year 2022 for these bonds amounted to approximately S/106,472,000 (approximately S/108,655,000 during 2022) and is presented in the caption "Financial expenses - Interest on bonds issued" in the consolidated statement of income, see note 25(a). Also, as of December 31, 2023 and 2022, the balance of interest payable amounts to S/27,836,000 and S/28,489,000, respectively.
- (b.5) During 2023 and 2022, the InRetail Real Estate Group has recognized expenses for the accrual of the commission for structuring obligations for approximately S/11,089,000 y S/10,756,000, respectively, which are presented in the caption "Financial expense" of the consolidated statement of income, note 25(a).
- (b.6) International issues are listed on the Luxembourg Stock Exchange. On the other hand, local and international issues maintain certain financial and operating covenants, which, in Management's opinion, do not limit its operations and have been met as of the dates of the consolidated statement of financial position, with the exception of the financial ratio "debt service", which is of an operational nature and does not generate the enforceability of the debt. In this regard, Management has been managing the breach of said covenant and, in its opinion, it will not have significant negative impacts on its operations.
- (c) In October 2019, the Group acquired a promissory note with Scotiabank del Perú S.A.A. for the amount of S/50,000,000, for a term of 7 years, payable in quarterly installments, which accrues an interest of 5.25 percent per year.

The debt has no specific guarantees and it was recorded in the consolidated financial statements at amortized cost with an effective annual interest rate of 5.442 percent after considering the respective initial charge of approximately S/143,000 as of December 31, 2023 (S/201,000 as of December 31,2022).

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

(d) Future minimum payments for the leasing described in subsection (a) of this note, net of future financial charges, are as follows:

	Total 2023		Total 2022	
	Minimum Payments S/(000)	Present value of the leasing installments S/(000)	Minimum payments S/(000)	Present value of the leasing installments S/(000)
Until 1 year	48,790	34,068	49,637	33,477
Between 1 and 3 years	256,279	247,475	299,049	276,225
Over 3 years	1,294	1,265	32	33
Total minimum payments	306,363	282,808	348,718	309,735

Present value of future minimum payments	282,808	282,808	309,735	309,735

(e) Future payments for bonds issued including interest expenses, but not including structuring costs, are as follows:

	2023			2022		
	Principal S/(000)	Interest S/(000)	Total S/(000)	Principal S/(000)	Interest S/(000)	Total S/(000)
2024	-	106,086	106,086	-	111,540	111,540
2025	-	106,086	106,086	-	111,540	111,540
2026	-	106,086	106,086	-	111,540	111,540
Until 2034	1,698,391	204,982	1,903,373	1,724,192	324,702	2,048,894
	1,698,391	523,240	2,221,631	1,724,192	659,322	2,383,514

(f) During 2023, the interest accrued on financial leases, promissory notes and others amounted to approximately S/22,280,000 (approximately S/23,866,000 during 2022) and are presented in the item "Financial expenses - Interest on financial lease and others" of consolidated income statement, see note 25.

(g) Since 2020, the following financial requirements ("covenants") are maintained for certain promissory notes and financial leasing contracts acquired by InRetail Real Estate and subsidiaries with Scotiabank Perú S.A.A., which are measured using the financial statements of InRetail Real Estate Corp.:

- The debt ratio, resulting from dividing (i) total debt, by (ii) total assets, must not be greater than 60 percent.
- The guaranteed debt ratio, resulting from dividing (i) guaranteed debt, by (ii) total assets, must not be greater than 30 percent.
- The net interest coverage ratio, resulting from dividing (i) EBITDA, by (ii) financial expenses (last twelve months), must be greater than 1.75.
- The debt service coverage ratio, resulting from dividing (i) EBITDA, by (ii) debt service (last twelve months), must be greater than 1.25.

As of December 31, 2023 and 2022, the Group has complied with the financial requirements ("covenants") indicated above.

18. Commitments

As of December 31, 2023, the Group hold letters of guarantee in favor of third parties for approximately S/568,000 and US\$3,157,000 equivalent to S/ 12,037,641 issued by Banco Internacional del Perú S.A.A. - Interbank, related entity, with maturity in the period 2023 (S/200,000 and US\$2,930,000 equivalent to S/11,193,000 issued by Banco Internacional del Perú S.A.A. - Interbank, as of December 2022), which guarantee the fulfillment of obligations arising from contractual agreements related to the real estate projects of Interproperties Holding and Interproperties Holding II.

19. Equity, net

- (a) Capital Stock -

As of December 31, 2023, and 2022, the capital stock of InRetail Real Estate Corp. amounts to approximately S/1,475,706,000 represented by 568,201,039 shares, issued at a nominal value of US\$1 each.

- (b) Unrealized results, net -

As of December 31, 2023 and 2022, the unrealized results were generated by the financial instruments at fair value through other comprehensive income and derivative financial instruments - "Call Spread and Cross Currency Swap" see note 9 and 10, respectively.

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

- (c) Distribution of dividends -
As of December 31, 2023 and 2022, no dividends were approved at the General Shareholders Meeting.

20. Leases

- (a) The Group have land and building lease contracts used in its operations. These leases have lease terms between 3 and 27 years. The obligations of the Group under its leases are guaranteed by the lessor's title to the leased assets.

There are several leases that include extension and termination options, and variable lease payments.

The Group also have certain leases of premises with lease terms of 12 months or less and leases of low-value office equipment. The Group apply the short-term lease recognition and low-value asset lease exemptions for these leases.

- (b) Movement of the financial assets for right of use for the period is detailed below.

	Lands S/(000)	Buildings S/(000)	Total S/(000)

- (c) At the General Shareholders Meeting of InRetail Perú Corp. held on March 31, 2023, the distribution of dividends in favor of Patrimonio Fideicometido - Interproperties Perú for the shares held as an investment in said Company was approved (see note 9); the amount amounted to approximately US\$1,133,000 (equivalent to an amount of S/4,306,000). On May 23, 2023, Patrimonio Fideicometido - Interproperties Perú collected that dividends in US dollars cash.

At the General Shareholders Meeting of InRetail Perú Corp. held on April 21, 2022, the distribution of dividends in favor of InRetail Shopping Malls for the shares held as an investment in said Company was approved (see note 9); the amount amounted to approximately US\$944,000 (equivalent to an amount of S/3,529,000). On May 17, InRetail Shopping Malls collected that dividends in US dollars cash.

26. Tax situation

- (a) InRetail Real Estate Corp. is incorporated in Panama; therefore, it is not subject to any Income Tax.

Entities and individuals not domiciled in Peru are subject to retention of an additional tax on dividends received. In attention to Legislative Decree No. 1261, issued on December 10, 2016 and effective since January 1, 2017, the additional tax on dividend income generated is as follows:

- 6.8 percent for the profits generated from January 1, 2015 to December 31, 2016.
- For the profits generated since January 1, 2017, which distribution is made since that date, the applicable rate will be 5 percent.

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

- (b) Real Plaza is domiciled in Peru and is subject to the Peruvian tax regime. In attention to Legislative Decree No. 1261, issued on December 10, 2016 and effective since January 1, 2017, the income tax rate applicable on taxable profit, after deducting employee participation will be from 2017 onwards, 29.5 percent.
- (c) In Peru, non-domiciled entities are subject to income tax only in case of income taxed from a Peruvian source; e.g., those obtained by the indirect alienation of capital shares or interest representative of the capital of legal entities domiciled in the country.

For these purposes, it should be considered that an indirect alienation occurs when shares or interest representative of the capital of a non-domiciled legal person that owns - directly or through another legal person or persons - shares or interest representative of the capital of one or more legal entities domiciled in the country are alienated, provided that the conditions established by the Income Tax Act are met. It also defines the cases in which legal persons domiciled in Peru have joint and several liabilities.

The Income Tax Act provides that an indirect transfer of shares occurs when the following conditions are met: (i) In any of the 12 months prior to the alienation, the market value of the shares or interest of the domiciled legal person was equal to 50 percent or more of the market value of the shares or interest of the non-domiciled legal person; and, (ii) In any 12-month period, shares or interest representing 10 percent or more of the capital of a non-domiciled legal person are alienated.

In addition, it will also apply as indirect alienation when the total amount of shares held by the legal entity domiciled in Peru whose indirect alienation transaction value is equal or greater than 40,000 Tax Units (ITU). It should be noted that this assumption will represent an indirect alienation even when the aforementioned conditions are not met.

- (d) In Peru, transfer pricing regulations are applicable to determine the market value of transactions made by domiciled legal entities with related companies from, to or through non-cooperative countries or territories or those with low or no taxes, or those made with subjects whose income, profit or gains from said transactions are subject to a preferential tax regime.

The valuation methods applied, as well as the criteria used to determine the market value, shall be properly documented and supported. Based on the analysis of the operations, Management and its legal advisors believe that, as a consequence of the application of these standards, no significant contingencies will arise for the Group as of December 31, 2023 and 2022.

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

- (e) The Tax Authority has the power to review and, if applicable, correct the income tax calculated during the four years after the year of filing the tax return. Below are the years subject to review by the Tax Authority of the Subsidiaries of InRetail Real Estate Corp. domiciled in Peru:

	Income tax	Value Added Tax (VAT)
Real Plaza S.R.L.	From 2019 to 2023	From 2019 to 2023
Inmobiliaria Puerta del Sol	From 2019 to 2023	From 2019 to 2023
Inversiones Real Estate S.R.L.	From 2019 to 2023	From 2019 to 2023

In case of Peru, the Tax Administration Authority has a term to perform the reviews or audits to the sworn declarations submitted by taxpayers, which have a statute of limitations of 4 years, as of January 1 of the following year after the submission of the sworn declaration.

Due to possible interpretations that tax authorities can give to the current legislation, it is not possible to determine whether or not future reviews will result in tax liabilities for the Group, therefore, any major tax or surcharge that may result from eventual revision by the tax authority would be charged to the income statements of the period in which that tax or surcharge is determined.

- (f) According to the Peruvian law, Interproperties Holding, Interproperties Holding II, InRetail Consumer and InRetail Shopping Malls are not considered as income taxpayers due to its status as Special Purpose Entities. Such Entities attribute their generated results, the net losses and Income Tax credits on foreign source income, to the holders of its certificates of participation or whoever holds those rights.

Therefore, to reflect this obligation, InRetail Real Estate Corp. has set aside 30 percent for long-term Income Tax on profits to date. In consequence, as of December 31, 2023 and 2022 the income tax liability related to Special Purpose Entities consists of:

	2023 S/(000)	2022 S/(000)
Opening balance as of January 1	495,791	416,979
Tax related to SPE, recorded as income tax expense, note 17(c)	109,476	78,812
Balance as of December 31	605,267	495,791

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

- (g) The main tax regulations that were issued in Peru during 2022, effective as of January 1, 2023, are the following:
- (i) Special depreciation regimes - Law No. 31652:
Special depreciation applicable from the year 2023 on buildings and constructions:
- Buildings and constructions may be depreciated, for the purposes of Income Tax, by applying an annual depreciation percentage to their value with a maximum of 33.33% up to their total depreciation, provided that the assets are used exclusively for business development and meet the following conditions:
 - (a) Construction would have started on January 1, 2023.
 - (b) Until December 31, 2024, the construction has a work progress of at least 80%.
 - The foregoing also applies to taxpayers who, during fiscal years 2023 and 2024, own assets that comply with points a) and b) above.
 - The special depreciation regime will not apply when the goods have been totally or partially built before January 1, 2023.
 - In the case of subsequent costs generated by the buildings and constructions that meet the aforementioned conditions, the depreciation will be computed separately with respect to that corresponding to the assets to which they have been incorporated.
 - Special depreciation applicable from the year 2023 on electric vehicles
 - Land transport vehicles (except railways) hybrid (with piston engine and electric motor) or electric (with electric motor), acquired in the years 2023 and 2024, affected to the production of taxable income, may be depreciated by applying on their value the annual percentage of depreciation with a maximum of 50%, until its total depreciation.
- (ii) Exemption of income from the sale of shares - Law N°30341
By means of Law No. 31662 published in the 2022 period, it is established to extend until December 31, 2023 the exoneration of capital gains for the sale of securities carried out through a centralized negotiation mechanism supervised by the Superintendencia del Mercado de Valores, in accordance with the following:
- The exemption is applicable to capital gains generated by a natural person, undivided succession or conjugal partnership that chose to pay taxes as such.
 - The exemption applies up to the first 100 UIT or S/495,000 (for 2023) of the capital gain generated in each taxable year.

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

The policy of the Group is to carry out transactions with related parties in terms and conditions similar to those made with third parties and under normal market conditions. The taxes that these transactions generated, as well as the calculation bases for the determination of these, are the usual ones in the industry and are settled in accordance with the current tax regulations.

The outstanding balances do not accrue interest and no guarantees have been received or granted from any related party for the balances receivable and payable. For the years ended December 31, 2023 and 2022, the Group have not recorded any provision for impairment related to accounts receivable from related parties. This evaluation is carried out in each fiscal year through the analysis of the financial situation of the related party and the market in which it operates.

- (c) As of December 31, 2023 and 2022, the Group maintained the following balances with related parties as part of the line of cash and cash equivalents and financial instruments at fair value through profit or loss and financial instruments at fair value through other comprehensive income:

	2023 S/(000)	2022 S/(000)
Cash and cash equivalents, note 4		
Banco Internacional del Perú S.A.-Interbank	81,345	28,292
Financial investment at fair value through other comprehensive income, note 9		
Shares- InRetail Perú Corp.	184,400	172,064

- (d) In April 2018, InRetail Shopping Malls, a subsidiary of the Company, granted a loan to InRetail Perú Corp for a principal amount of S/402,500,000 that accrues an effective annual interest rate of 6.90 percent and has a maturity of 10 years. As of December 2023, and 2022, the loan accrued an amount of S/27,723,000 and S/27,761,000 as interest (see note 25), respectively, which is presented in the caption "Financial income" of the consolidated statement of income of which an amount of S/6,978,000 and S/7,017,000 is pending collection, respectively.
- (e) As of December 31, 2023, it corresponds mainly to the account receivable that Interproperties Peru maintains with Supermercados Peruanos S.A. and Homecenters Peruanos S.A. for an amount of S34,058,000 and S/30,704,000, respectively (S/33,040,000 and S/29,674,000 as of December 31, 2022, respectively). These accounts receivable are due to the fact that Interproperties Peru acts as an intermediary between the lessor (unrelated third party) and the related companies to whom it leases the properties.

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

Additionally, as of December 31, 2023, it includes S/19,592,000 receivable from Supermercados Peruanos S.A. and S/36,454,000 Homecenters Peruanos S.A. for the sale of participation certificates that InRetail Shopping Malls and Patrimonio en Fideicomiso D.S. N°093-2002-EF- Interproperties Holding II held land, see note 27(f).

- (f) On April 4, 2022, the Group sold the participation certificates held by InRetail Shopping Malls to Supermercados Peruanos S.A. and Homecenters Peruanos S.A. (Related companies) for a value of S/101,037,000 generating a gain of S/12,872,000 that is presented in the item Other income (expenses), net, of the consolidated statement of income and S/5,052,000 has been collected that is presented in the statement of cash flows, maintaining a receivable balance of S/95,985,000, see note 12(b).

On October 4, 2022, the Group sold the certificates held by Patrimonio en Fideicomiso D.S. N°093-2002-EF- Interproperties Holding II to Supermercados Peruanos S.A. and Homecenters Peruanos S.A. for an amount of S/17,063,000 having as underlying the land called "Zapallal", see note 12(h).

- (g) The compensation to the key personnel of the Management, of the Group is detailed below:

	2023 S/(000)	2022 S/(000)
Short-term benefits	12,892	12,435
Insurance and medical benefits	803	846
Others	793	1,258
Total	14,488	14,539

28. Segments

The Group monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on operating profit or loss and is measured consistently with operating profit or loss in the consolidated financial statements. The Group separated in two groups their incomes and costs in Lima and Provinces.

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

The following table presents income and certain asset information regarding InRetail Real Estate's reportable segments (in thousands of soles) for the years ended 31 December 31, 2023 and 2022:

	Rental Income S/(000)	Income from management services S/(000)	Fair value adjustment to investment properties S/(000)	Investments properties S/(000)
2023				
Lima	284,627	130,786	37,289	2,554,088
Provinces	243,357	103,902	64,620	2,311,356
Total	<u>527,984</u>	<u>234,688</u>	<u>101,909</u>	<u>4,865,444</u>

2022				
Lima	237,406	111,357	(41,045)	2,324,407
Provinces	235,772	93,959	44,988	2,229,671
Total	<u>473,178</u>	<u>205,316</u>	<u>3,943</u>	<u>4,554,078</u>

29. Management of financial risks

The activities of the Group expose it to a variety of financial risks, which include the effects of changes in foreign currency exchange rates, interest rates, credit and liquidity. The risk management program of the Group seeks to minimize the potential adverse effects on its financial performance.

The Management of the Group is aware of the existing conditions in the market and, based on their knowledge and experience, has defined the general approach of risk management and policies and strategies, currently in force.

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

The main risks that the Group faces due to the nature of its operations are: credit, market and liquidity risk:

(a) Credit risk -

Credit risk is the risk that a counterparty does not comply with its obligations stipulated in a financial instrument or contract, causing a loss. The Group are exposed to credit risk for their operating activities. This risk is managed by the Management in accordance with the principles provided by the Board of Directors to minimize the concentration of risk and, consequently, mitigate financial losses arising from potential breaches of the counterparty. The maximum exposure to credit risk of the components of the consolidated financial statements as of December 2023 and 2022, comes from the items "Cash and cash equivalents", "Trade accounts receivable", "Accounts receivable from related parties" and "Other accounts receivable", "Financial instruments at fair value with changes in other comprehensive income" and "Derivative financial instruments - Call Spread".

Below is the credit risk analysis:

(i) Trade receivables -

The Group assess the concentration of risk with respect to trade accounts receivable. In general, there are no significant concentrations of commercial accounts receivable with any particular counterparty. The Group carry out an evaluation of the collectability risk of commercial accounts receivable to determine the respective provision.

(ii) Accounts receivable from related parties -

Due to the nature of these accounts, the credit risk is reduced, since they are related companies whose debts are collected and / or normally compensated in the short term.

(iii) Bank deposits, derivative financial instruments, instruments at fair value through profit or loss and financial instruments at fair value with changes in other comprehensive income -

The balances of cash equivalents and derivative financial instruments are maintained in and with first level financial entities, including a related financial entity. Likewise, the financial instruments at fair value with changes in the results of the Group are very quick to carry out and are managed by entities of recognized prestige. In the case of financial instruments at fair value with changes in other comprehensive income, as explained in note 6, they correspond to investment in shares of a related entity.

(b) Market risk -

Market risk is the possibility of loss due to variations in financial market conditions. The main variations to which the Group is exposed are the value of the exchange rate, interest rates and prices. These variations may affect the value of the assets and financial liabilities of the InRetail Real Estate Group.

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

(i) Interest rate risk -

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument fluctuate due to changes in market interest rates.

The policy of the Group is to maintain financial instruments that bear fixed interest rates, so that the operating cash flows of the Group are substantially independent of changes in market interest rates. In this sense, In Management's opinion, the Group do not have a significant exposure to interest rate risks.

(ii) Exchange risk -

Exchange rate risk is the risk that the fair value or future cash flows of a financial instrument fluctuate due to changes in exchange rates. The exposure of the Group to exchange rates is mainly related to the operating activities of the Group, related to rental income in foreign currency, financial obligations and financial instruments through profit or loss.

Transactions in foreign currency are carried out at the free market exchange rates published by the Superintendency of Banking, Insurance and Peru's Private Pension System. As of December 31, 2023, the weighted average free market exchange rate for transactions in US dollars was S/3.705 per US\$1 for the purchase and S/3.705 for US\$1 for the sale (S/3.808 for US\$1 for the purchase and S/3.820 for US\$1 for sale as of December 31, 2021).

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

As of December 31, 2023 and 2022, the assets and liabilities in foreign currency were the following (expressed in thousands of US dollars):

	2023 US\$(000)	2022 US\$(000)
Assets		
Cash and cash equivalents	8,557	51,242
Financial instruments at fair value through profit or loss	11,398	-
Financial instruments at fair value through other comprehensive income	49,770	45,185
Trade receivables, net	1,076	643
Accounts receivable from related parties	1,072	1,457
Other trade receivables	17	15
	<u>71,890</u>	<u>98,542</u>
Liabilities		
Financial obligations	348,700	346,622
Other liabilities	315	5,308
Trade payables	3,312	2,805
IFRS16 lease liability	44,085	44,414
Accounts payable from related parties	6	8,466
	<u>396,418</u>	<u>407,615</u>
"Call Spread" - Short position, note 10 and 16(b)	250,000	250,000
Full Cross-Currency Swap	100,000	100,000
	<u>25,472</u>	<u>40,927</u>
Net asset position	<u>25,472</u>	<u>40,927</u>

The Group manages the foreign currency exchange risk by monitoring and controlling the values of its position in foreign currency. InRetail Real Estate measures its performance in Soles so that, if the exchange position in foreign currency is positive, any depreciation of the US dollar would negatively affect the financial condition of the Group. The current position in foreign currency includes the assets and liabilities that are indicated at the exchange rate. Any devaluation/revaluation of the foreign currency would affect the income statement.

During the year 2023 and 2022, the Group has incurred a net gain for exchange difference of approximately S/17,749,000 and S/47,107,000, respectively, which is presented in the caption "Exchange difference, net" of the consolidated statement of income.

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

The following table presents the sensitivity analysis of US Dollars, the currency at which InRetail Real Estate has a significant exposure as of December 31, 2023 and 2022, in its monetary assets and liabilities and its estimated cash flows. The analysis determines the effect of a reasonably possible change of the US dollar exchange rate, considering other variables to be constant in the consolidated statement of income. Any negative amount shows a potential net decrease in the consolidated statement of income, while a positive amount reflects a net potential increase.

Sensitivity analysis	Change in exchange rates %	Profit (loss)	
		2023 S/(000)	2022 S/(000)
Devaluation -			
US Dollars	5	(4,560)	(7,548)
US Dollars	10	(9,120)	(15,096)
Revaluation -			
US Dollars	5	4,560	7,548
US Dollars	10	9,120	15,096

(iii) Price risk -

Financial instruments at fair value through profit or loss (mutual funds) and financial investments at fair value through changes in other comprehensive income (shares) are subject to changes in their fair value due to changes in their market value. Management mitigates this risk by investing in financial instruments with a conservative risk profile. A calculation of sensitivity in market prices and the effect on the unrealized gain or expected loss in the consolidated statement of income, before income tax, as of December 31, 2023 and 2022 is presented below:

Sensitivity analysis	Change in Exchange rates %	2023	2022
		S/(000)	S/(000)
Shares	+/-15	277	258
Shares	+/-10	184	172
Mutual funds	+/-10	165	-
Mutual funds	+/-15	247	-
Mutual funds	+/-30	494	-

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

(c) Liquidity risk -

The liquidity risk is the risk that the Group cannot meet their payment obligations related to financial liabilities at maturity. The consequence would be the failure to pay their obligations to third parties.

The management of liquidity risk involves maintaining sufficient cash and availability of financing, through an adequate amount of committed credit sources and the ability to settle transactions, mainly, of indebtedness. In this regard, and although the Group maintains short and long-term financial obligations for significant amounts as of December 31, 2023 and 2022, the Management of the Group considers that this situation does not constitute a limitation to its operations, due to the to the support and economic and managerial support that the Intercorp Perú Ltd. Group can provide and due to the monitor of the liquidity risks of the Group that the Management does, who directs its efforts to maintain sources of financing through the availability of credit lines.

The following table shows the maturity of the obligations contracted by InRetail Real Estate at the date of the consolidated statements of financial position and the amounts to disburse at their maturities, based on non-discounted payments that will be made:

	Less than 3 months S/(000)	More than 3 months and less than 1 year S/(000)	More than 1 year and less than 5 years S/(000)	More than 5 years and less than 11 years S/(000)	Total S/(000)

Liabilities related to financing activities	2,353,899	132,521	-	3,321	(292,358)	(62,682)	10,756	2,145,457

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

30. Property risk

Property risk is the possibility of loss as a result of variations or volatility in the market prices of investment properties.

The InRetail Real Estate has identified the following risks associated to its investment properties:

- The cost of projects being executed or that will be executed can increase if the planning process is delayed. InRetail Real Estate is provided with the service of advisors experienced in the requirements for project planning and execution.
- A principal tenant can be insolvent, thereby causing a significant loss in rental income and the decrease of the related property value. To reduce this risk, InRetail Real Estate reviews the financial situation of all possible tenants, determining the adequate level of security and requesting security deposits or any other type of guarantee, if necessary.
- The fair value of investment properties can be affected by the cash flows generated by occupants and/or tenants, significant variations in the assumptions used for fair value estimation (see note 12(g)) or fluctuations in the real estate market due to external.

31. Capital management risk

The Group actively manage a capital base to cover the risks inherent in their activities. The capital adequacy of the Group are monitored using, among other measures, the ratios established by the Management.

The objectives of the Group when managing its capital is a broader concept than the "Consolidated Net Worth" that is shown in the consolidated statement of financial position, these objectives are: (i) Safeguard the capacity of the Group to continue operating in a manner that continues to provide returns to shareholders and benefits to the other participants; and (ii) maintain a strong capital base to support the development and growth of its activities.

As of December 31, 2023 and 2022, there have been no changes in the activities and policies of capital management in the Group.

32. Fair value of financial instruments and fair value hierarchy -

Fair value is defined as the amount for which an asset could be exchanged or a liability settled between knowledgeable and willing parties in a current transaction, under the assumption that the Entity is a going concern.

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

When a financial instrument is traded in a liquid and active market, its market price stipulated in a real transaction provides the best evidence of its fair value. When the price stipulated in the market is not available or it cannot be an indication of the fair value of the financial instrument, the market value of another instrument, substantially similar, the analysis of discounted cash flows can be used to determine said fair value. Other applicable techniques; which are affected significantly by the assumptions used. Although the Management of the Group have used their best judgment in estimating the fair values of their financial instruments, any technique to make such an estimate entails a certain level of inherent fragility. As a result, the fair value cannot be indicative of the net realizable or liquidation value of the financial instruments.

The following methods and assumptions were used to estimate the fair values of the main financial instruments:

- (a) Financial instruments whose fair value is similar to the book value -
For financial assets and liabilities that are liquid or have short-term maturities (less than three months), such as cash and cash equivalents, trade accounts receivable, trade accounts payable and other current liabilities, the carrying amount is considered to be It is similar to fair value.
- (b) Fixed-rate financial instruments -
The fair value of financial assets and liabilities that are at fixed rates and at amortized cost is determined by comparing the market interest rates at the time of initial recognition with the current market rates related to similar financial instruments. The estimated fair value of the interest-bearing financial obligations is determined by the discounted cash flows using the rates currently available for debts with conditions, credit risk and similar maturities.
- (c) Financial investments at fair value through profit or loss and changes in other comprehensive income and financial derivative instruments -
The financial investments at fair value that are traded in active markets at the date of the consolidated statements of financial position is based on their quoted price, without deducting the transaction costs. For financial investments that are not traded in active markets and for derivative financial instruments, fair value is determined using appropriate valuation techniques. Valuation techniques include net present value techniques and comparison with similar instruments for which there are market prices.

Translation of consolidated financial statements originally issued in Spanish - Note 34

Notes to the consolidated financial statements (continue)

On the basis of the aforementioned criteria's, set out below is a comparison by class of the carrying amounts and fair values of the Group's financial instrument and investment properties as of December 31, 2023 and 2022:

	2023		2022	
	Book value S/(000)	Fair value S/(000)	Book value S/(000)	Fair value S/(000)
Assets				
Cash and cash equivalents	112,949	112,949	220,746	220,746
Financial instruments at fair value through profit or loss	164,790	164,790	-	-
Financial investments at fair value through other comprehensive income	184,400	184,400	172,064	172,064
Trade receivables, net	50,257	50,257	43,077	43,077
Accounts receivable from related parties	59,536	59,536	50,916	50,916
Other receivables, net	12,186	12,186	14,765	14,765
Derivative financial instrument - "Call Spread"	80,445	80,445	67,348	67,348
Liabilities				
Trade payables	57,204	57,204	46,460	46,460
Accounts payable to related parties	4,940	4,940	62,783	62,783
Other payables (current and non-current)	75,077	70,755	72,033	67,912
Liability for right of use	228,450	228,450	235,818	235,818
Financial obligations	2,062,856	2,028,825	2,114,886	2,098,042

The Group have not made transfers from Level 3 to Level 1 or Level 2 of the fair value accounting hierarchy during the years 2023 and 2022. The financial instruments and their level of hierarchy for the determination of fair value, for accounting purpose or for disclosure purposes in the notes of the consolidated financial statements are as follows:

- Financial investments at fair value through other comprehensive income, Level 1.
- Financial instruments at fair value through profit or loss, Level 2.
- Derivative financial instruments, Level 2.
- Trade receivables (non-current), Level 2.
- Financial liabilities, Trade payables (non-current) and Others non-current liabilities, Level 2.

The Group have determined the fair value of the investment properties through level 3 of the fair value hierarchy, see note 12(f).

A description of the accounting hierarchies of fair value is presented in note 3.3(r).
